

For the attention of Hiring Manager,:

Date: 30/11/2023

I am writing to endorse Yen-Chun Lin for consideration in the Global Talent Visa application process. My name is Tom, a game designer and co-founder of Gameness Ltd. I had the pleasure of getting to know Yen through the introduction of Hsensen, and as fellow game designers, we share many common interests and discussions about game design.

Yen, with her background as a game designer, brings a wealth of creative ideas to the table. Beyond her design prowess, she has demonstrated a keen understanding of marketing and sales. This year, we collaborated at gaming exhibitions in Taiwan, where Yen played a crucial role in boosting our game sales. With her assistance, we experienced a notable increase of at least 10% in onsite game sales. Her professional presentations and affable, proactive attitude significantly enhanced our game's visibility, for which I am genuinely grateful.

In addition, I must underscore Yen's exceptional design abilities, which have played a pivotal role in elevating the quality and aesthetic appeal of our products. Her unique artistic style has resonated well with our customers, contributing to increased consumer satisfaction.

Given the tangible benefits and support we have received through our collaboration, I am wholeheartedly willing to endorse Yen's application for the Global Talent Visa. I firmly believe she deserves the opportunity to relocate to the United Kingdom, where she can explore a broader stage and unleash her creative potential to contribute significantly to the further development of the technology and gaming industries.

Sincerely,
